Positive Coaching Alliance Comes To Paintsville Schools

Paintsville Independent Schools has officially become a member of the Positive Coaching Alliance. We are the first school system in the state of Kentucky to join the PCA organization. PCA helps districts build unity and positive culture and coaching strategies within athletic programs. By becoming the flagship school in Kentucky for PCA, Paintsville High School sports has again raised the bar for what is already a tradition rich athletic program. This past Friday, over 50 student-athletes, all of our coaches from every sport, and 30 parents participated in Positive Coaching training from lead trainer Joe Scally, a Chicago based soccer coach. Paintsville Schools realizes the importance of providing the absolute best student-athlete experience in all of our sports, and by joining PCA, we are charting a course that no other athletic program in the state is on.
